

# TOTE RENEW™ LABEL HOLDER

Easily apply and remove barcode labels on all your reusable warehouse totes, bins and containers.

## No Scraping. No Label Stacking. No Residue. No Kidding.

ID Label's Eco Tote Renew™ is a cost-effective label-holder that makes it easy to apply, remove and relabel your reusable containers.

Its easy-release surface means there's no need to scrape, clean or stack old barcode labels, so you eliminate unproductive worker hours.

And with more consistently accurate scans, you improve worker productivity and minimize potential errors from manual data entry.

With Eco Tote Renew's easy-release surface, workers can quickly apply and remove labels without any scraping or leftover adhesive residue.

## Key Features of Eco Tote Renew

- **Easy Label Removal** – Apply traditional barcode labels to the Tote Renew label holder and easily remove them time and time again. No residue, gunk or labor-intensive clean-up.
- **Eco-Friendly Option** – Our new linerless version eliminates environmental waste and is faster and easier to apply.
- **Durable** – Tote Renew extends the useful life of totes and supports interchangeable use among your network of distribution centers.
- **Cost Effective** – Eliminates need for costly plastic sleeves or placards to house barcode labels.
- **Reduces Scan Errors** – Avoid potential scan errors and mistakes from manual data entry that stem from partially exposed, previously used barcode labels.
